

## Symfony 5 Certification Online Coaching

For 14 weeks, use our online platform and our eLearning sessions to review the main subjects of the Symfony certification exam and boost your chances of success.

**Requirements:** Master Symfony 5.

### Learning materials

---

SensioLabs University has designed the best Symfony training experience by combining in-class sessions and eLearning. In addition to training sessions, access **our eLearning platform** for 1 month to mix various learning practices, validate your skills, track your progress and stay in touch with your trainer throughout the program.

The course materials will be available within the personal space of each participant. SensioLabs trainers are Symfony certified and practice continuous monitoring during face-to-face training. Computers are available to participants on request.

**Learn Symfony with Symfony certified trainers and the SensioLabs University eLearning platform:**

A platform available at any time

Read and download your course materials

Additional resources: exercises, videos, test...

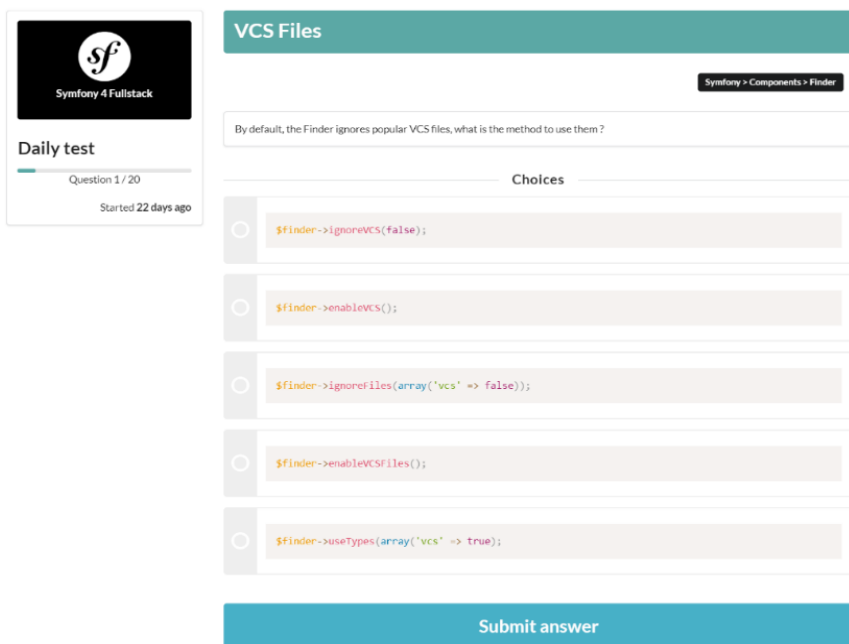

Online chat with your trainer

# Program

- Dependency Injection
- Security
- HTTP Caching
- Console
- Automated Tests
- Miscellaneous

# eLearning platform

**Symfony 4 Fullstack**

Daily test

Question 1 / 20

Started 22 days ago

### VCS Files

Symfony > Components > Finder

By default, the Finder ignores popular VCS files, what is the method to use them?

Choices

- `$finder->ignoreVCS(false);`
- `$finder->enableVCS();`
- `$finder->ignoreFiles(array('vcs' => false));`
- `$finder->enableVCSFiles();`
- `$finder->useTypes(array('vcs' => true));`

Submit answer

## DAILY TESTS

- Test yourself once a day on a 20 question multiple choice quiz.
- Find a database of more than 1,200 questions on PHP, object-oriented programming, Doctrine, Twig...

## SKILLS RADAR GRAPH

- Follow your level on each theme and component of Symfony.
- Find the results of your skills on each test in the form of a matrix
- Visualize the topics on which you still need to make progress.
